

MASSWORKS INFRASTRUCTURE PROGRAM

Our strategic investments in public infrastructure leverage private investment in new housing and commercial development.

ABOUT

Strategic investment in new infrastructure enables the growth of new business and the revitalization of neighborhoods. The MassWorks Infrastructure Program provides a one-stop shop for municipalities and other eligible public entities seeking public infrastructure funding to support economic development, job creation and housing production; it leverages other public and private investment and plays a key role in helping to advance many of EOHEd's other strategic initiatives.

Small Town Rural Assistance Program (STRAP)

Transit Oriented Development (TOD) Program

Growth Districts Initiative (GDI) Grant Program

Massachusetts Opportunity Relocation and Expansion Program (MORE)

Public Works Economic Development (PWED)

Community Development Action Grant (CDAG)

Assembly Square Station, Somerville

BY THE NUMBERS

Since 2011, MassWorks has awarded over \$287 million for public infrastructure in 102 communities.

50%+ to Gateway Cities

67%+ supported transit-oriented development

80%+ involved redeveloped sites

10%+ supported roads in small rural communities

NEXT STEPS

Help communities break ground in spring 2015 on awards made in the 2014 MassWorks round.

Plan for the next MassWorks round in September 2015 by issuing guidance to applicants on priorities and spending goals
